HERALD OF FREEDOM. The HERALD OF FREEDOM is the oldest FREE STATE newspaper published in Kansas, and the only one, of any party, now in existence whose to the spring of 1857. It was established as early onment of its editor. It has now reached nearly future. the middle of its fifth volume. Numberless journals have been established in Kausas, fifted its first appearance, yet our paper "lives on." and its independent and truthful position is ad-

Though partisans have labored to place it the firm, unyielding friend of freedom, and too The divinity student, with all his meanness defense. Its circulation, although somewhat abridged in consequence of the stringency of the times, is far larger than any other published in | moonlight," the Territory, and is now rapidly increasing.

We purpose at an early day to give it a new truthfulness or fearless independence.

The HEBALD OF FREEDOM has been violently opposed because its motives were not fully understood. The people of Kansas robbed of their attend a real treat. liberties by an invasion of their franchises in the autumn of 1854, and for a long time stripped they should be extremely sensitive of every movement which they did not fully comprehend, and particularly jealous of the guardians of public interests who had control of the press, We cheerfully excuse them for whatever hard things they have said of us.

We were first denounced for sustaining the administration of Gov. GEARY. When he abandoned the Territor; every Free State man among us regretted his leaving, and now say "he was the think of the destitute poor in this territory. best Governor we ever had." Letters from val-uable Republican friends in Pennsylvania, who wrote that they had "known John W. GEARY harm! Those with means should open their long and well," and who assured us that "his hearts and purses and contribute whatever heart was in the right place," prompted us to is in their power to aid the needy and sufsustain him. We feel proud that we did so.

When Secretary STANTON came here we ex-tended to him the hand of friendship, and the HERALD OF FREEDOM, instead of abusing him. did what it could to set him right in regard to our history. Mr. STANYON is now laboring in the Republican ranks, and we trust that our influ-

ence will never drive him elsewhere.

Gov. Walker came to Kansas. A long confidential conversation with him on the second or third day after his arrival, and renewed frequently, gave us a high opinion of his honorable intentions towards the people of Kansas. We sustained him as far as we thought him RIGHT; and endeavored to connect, not abuse him, when scrong. Look back upon the history of that period when every Republican paper in the nation was pouring gall upon us and who is there now who does not approve of our course with Gov. WALKER?

We advocated the getting possession of the Territorial government by competing with the Pro-slavery men for the offices. When we proposed this on the 4th of July, 1857, we were threatened with annihilation, but the policy prevailed, and the Territorial government is now wielded almost wholly by Republicans as a consequence of that line of policy.

The Pro-slavery party had laid a trap for our perpetual enslavement, in the guise of the Leompton Constitution. They surrounded it with would keep wholly aloof from it. With strong backing from the federal administration and their friends at the south, they saw that if they could only get possession of the offices under it, their struggle for years would be accomplished and Kansas would be a slave State in earnest. We saw and feit this and as early as July of '57, advised the election of all the offices under that Constitution, in case an opportunity was denied us to vote it down. In opposition to hundreds of personal friends, and in direct conflict with the action of the Free State Convention of the 22d and 231 of December of that year, we advocated the measure. It triumphed, and to-day Kansas is free, whereas by a different line of policy Kansas would have been a slave State long since and the institution would have received such strength from the movement that the scourge would have been fastened upon all the Territory west of us.

as well as upon Nebraska. One of the first to become identified with the Free State organization, we were unwilling to surrender it for any other party until Kansas was a State in the Union. We fought as long as we could to perpetuate that party, and only surrendered when completely borne down by overwhelming numbers. Though violently opposed for trying to keep up that organization, yet we feel proud that we were not the one to sell out nor desert the party while a corporal's guard remained to defend its "blood-stained banner." Throughout our entire connection with Kansa

affairs we have sought only for peace. Instead of laboring to embroil Kansas with the people of Missouri, we opposed it from the first, and advised the practice of the Christian virtues towards When they invaded the Territory, wrested from us our franchises, and sought the an-nihilation of every Free Statesettler, we opposed them, and resolved to resist them to the death if need be. We always talked about acting on the DEFENSIVE-never on the appressive. As soon as they withdrow their armies, and invaders, we were ready to resume amicable relations with them, and had no notion of holding all Missouri responsible for the murders and villainy of some of the basest of her population who attempted to harass our people on the south-east-ern border; neither were we in favor of getting up a civil broil, or a servile insurrection merely to gratify the esprice of Old John Brown, John E. Cook, Richard Realf, J. H. Kagi, and their endorsers, aiders and abettors, who are still so numerous in Kansas, and who acted and sympathized with these men while here, of whom we might mention a large number were we

If we have opposed men for office whom others supported it was because we felt the best interests of the country and of Kansas demanded it We have sought nothing for ourself; have entered into no combinations by which we have exchanged the support of our friends, (of which we have always had some.) for the support of others. We have labored to keep wholly independent of all parties and cliques, because we falt that our influence in behalf of the cause which brought us here would be advanced by it.

Now is the time of all others to subscribe for the HERALD OF FARREOM. Winter, with its long Nowney, Mary evenings, is at hand, and the news, both from Keyins. Wen Kansas and abroad, will possess unusual interest during the next six months. Congress and our the former will be called to act upon our petition for admission as a State into the Union, upon Land Grants to Kansas, and payment of our Claim debt. Our Territorial Legislature will have a large amount of business to transact of absorbing interest. The Hawara Claim Country of the Country DOM Will keep an eye upon those bodies, and give whatever of interestaranspires in either of them. Through its columns the most important laws, as passed, will probably first be given to the pubas passed, win promain mist be given to the pub-lic. Standing, as we do, above and independent of party dictation, we have no favors to ask from it.

THE adventures of this famed Kansas hero will be the theme of millions of tongues all over the Union, the coming winter. Whatever may be said of his rationality, one thing is certain, the old man did what he has done, not for himself but for over three millions of Slaves now lying in almost hopeless bondage. If it was right for our Revolutionary Fathers to obtain their freedom at the cannons' mouth, is it not right for the slaves who suffer, as Jedlerson has said, an incalculably worse bondage than our Fathers did, to imitate their example? And if Lafayette did right in coming to America to help us, did not John Brown do right in going to Virginia to help the slaves?

This may not be so; but whether it is or not, all persons wishing to discuss the subject can do so at my store without running the risk of being arrested for treason.
